Board provides key to successful school system

Local Terrabona Parish School Board President, Mr. Charles C. Collins, Jr., believes that only a well-planned and efficient school system can make the most efficient use of money. "We get it from community. They see for they do not need us to have more," and that is the only way to come the ground. Many new schools are being built throughout the parish to correct this situation.

As this year, the school system is in a good position. Other school boards are not. The Terrabona Parish School Board is in a good position. It is in a good position to be able to do what it needs to do.

MR. CHARLES C. COLLINS, JR.
President of the School Board

One Word for
Rural Electric
co-ops is . . .

FREEDOM

The freedom of our officers to do for themselves what no one else would do brought rural electric service to your rural friends and neighbors . . . the freedom to organize their own not profit business to help themselves.

South Louisiana Electric Co-Operative Assn., a democracy system. Member owners have the freedom to elect their Board of Directors to set their own electric rates and policies. It is what this freedom means to the rural people of Louisiana's electric powered future we're proud of.
